Functional Features

Actor	Essential	Important	Extra
Admin	Create/Edit/Delete Event Create/View/Delete/Edit profiles View .all events View Guestlist	Search events	Filter events by location
Ticket Seller*	Create/Edit/Delete Event View events View/Edit profile View Guestlist View Ticket Sold	Search events	View ticket analytics Email attendees
Ticket Buyer*	View Purchased Tickets View events View/Edit profile Purchase ticket(s)	Search events	

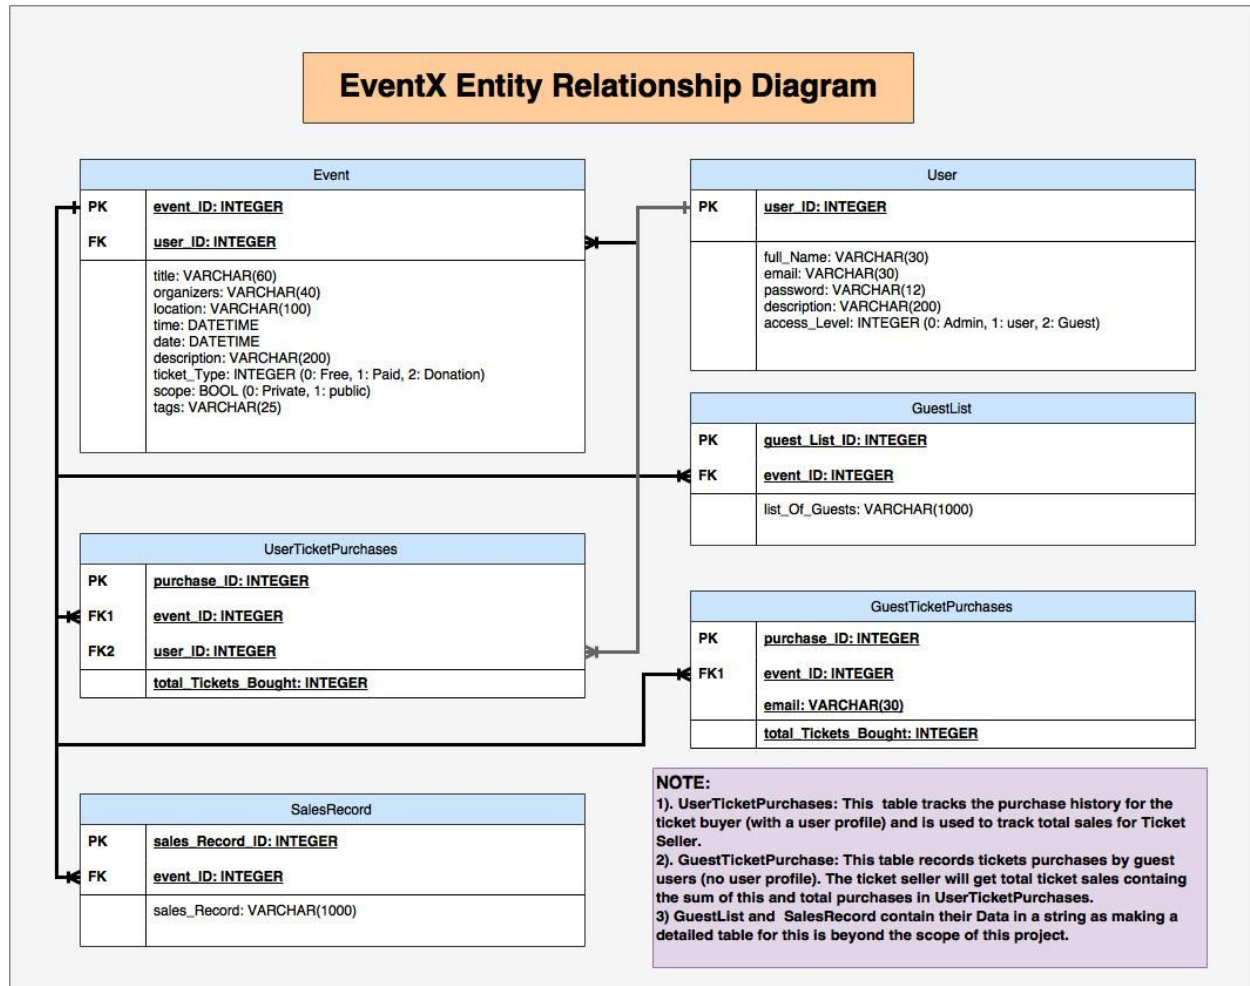

Assumptions & Notes:

- *A standard user can be either or both ticket seller and ticket buyer.
- Attendees will get updates via email
- Tickets can be purchased on the event landing-page
- All events on our platform are public
- Our backend interface is designed to improve user experience for both event creators and buyers. We put more emphasis on the event creators since most buyers may not register for our service.
